Mills® Partitions

Offering a wide selection of the most innovative product materials available, Mills partitions are suited for a variety of applications and environments. The quality materials used provide key features to architects and specifiers, such as aesthetic appeal, vandal resistance, low cost and warranties. From high-performance material options to creative style solutions, Mills partitions provide architects smart, economical choices.

Materials

Bradley has the largest green product offering of restroom partition materials. Most are GREENGUARD Certified as low emitting materials. Our 100% post-consumer recycled content HDPE material in the Bradmar line is made entirely of recycled milk jugs. On average, each stall keeps more than 1600 milk jugs out of landfills.

Mounting Styles

Bradley's wide variety of partition mounting styles meet the design needs of every application, from airports and sports entertainment complexes to restaurants, fitness centers and schools. Whether easy maintenance, economy, durability, added support, design aesthetic or "all of the above" are driving the decision, Mills offers a style most suited to your building's restrooms.

Sentinel™ Floor-Mounted, Overhead Braced Series 400

This partition style provides the most economical solution for heavy traffic and vandalism-prone areas. Because it requires no special floor or ceiling construction, installation is easy in new construction or existing buildings. The anti-grip head rail provides outstanding rigidity.

Floor-Braced Series 500

Floor-braced partitions complement design with functional performance.

Recommended for buildings with high ceilings, it enhances the effect of spaciousness. A minimum three inch concrete floor for anchoring is required. This style not available in Bradmar solid plastic or Fusion.

Ceiling Hung Series 600

Ceiling hung partitions are ideal for areas with low ceilings. Offering an area free from obstruction to allow for fast and easy maintenance, the system requires structural supports in the ceiling for maximum rigidity. Not recommended for ceiling heights over eight feet. Not available in Bradmar solid plastic or Fusion.

Floor-to-Ceiling Series 700

This style works well where additional support is required.

Anchored at the floor and ceiling. Offers the most stability. Not available in Fusion.

Privacy options

Extra-height doors and panels available when additional privacy is needed.

Stainless Steel

Mills takes this popular look to the limit with seamless panels.

- Facing sheets of panels and doors integrally locked together. Corners are welded smooth or adhered with a corner clip
- The Permaseal™ design is stronger than conventional crown molding construction
- Extra-height doors and panels available when additional privacy is needed
- The finish wraps completely around the edges
- GREENGUARD Gold Certified

Stainless Steel Textures

Satin

5WL Textured

The Permaseal™ Edge

Mills' exclusive Permaseal edge is available in Stainless Steel or Powder Coated (see pg 6).

The Permaseal design locks facing metal sheets integrally together around the perimeter of the panel.

- 15-year warranty against rust-out – best in the industry.
- No moisture penetration
- No rust

A palette of 15 rich colors and a wide variety of styles at a lean price meet virtually any design need.

Powder Coated

This quality powder coated finish combined with the exclusive Permaseal™ design makes Mills the best high value metal partition system available.

- State-of-the-art paint system offers 15 rich colors
- Extra-height doors and panels available when additional privacy is needed
- Durable powder coated finish allows for years of long-lasting beauty
- GREENGUARD Certified as a low emitting material

Due to printing variances, the actual material color may differ. Contact your local Bradley Representative for samples.

Bradmar™ Solid Plastic

Bradmar Partitions, Urinal and Sight Screens and Shower Dividers are fabricated from 30% pre-consumer, 100% pre-consumer or 100% post-consumer recycled high density polyethylene (HDPE). A variety of color options provides many design options.

- Low maintenance and high vandal resistance
- Withstands wet and humid environments
- Ideal for schools, theme parks, stadiums and arenas – any high-traffic restroom
- 15-year warranty – one of the industry's best
- GREENGUARD Certified as a low emitting material

No Site™ partitions

Bradley offers No Site™ style partitions in Bradmar with no gap between the doors and pilasters to ensure privacy. Traditional stalls can have up to a 0.5" (1.3 cm) gap, leaving an uncomfortable "site" line.

- No gaps ensure privacy
- Extra-height doors and panels available when additional privacy is needed
- Available in floor-mounted, overhead braced and floor-to-ceiling mounting styles

Integral hinge system

Hidden with the door cavity, this design combines the strength of HDPE with a 1/2" (13mm) two-piece nylon cam-action pin and 3/16" (5mm) stainless steel pin for the ultimate in reliability.
